

In St. Luke's account of the feeding of the 5,000, the people respond to Jesus' call. The gathered disciples, families, children, and friends turned their pockets inside out, shook out their blankets, and emptied their baskets to find enough to take care of the needs of their community. And what do they realize? That by the miracle of faith and the action of Love, there was more than enough; there was an abundance!

Stewardship is about using the gifts God gives us to do the work God calls us to do. *And together, with God, there is more than enough.*
